**ORDER:-**

The Chief Engineer, Minor Irrigation in the letter second read above has submitted proposals to Government requesting for according permission for utilization of 13.00 Mcft of water from Kagna River annually in addition to the existing permission of 10 Lakh litres of water (0.013 TMC) per day granted in the G.O.first read above by M/s The India Cements (formerly Visaka Cement Industry) for consumptive use for industrial purpose for their factory situated at Malkapur (V), Tandur (M), Ranga Reddy District. He has stated that the utilization of water by the industry from Kagna River is restricted to 6.00 TMC and the proposed 13 Mcft for the India Cements factory will neither affect Lower Riparian Rights and Upper Riparian Rights nor it exceeds the restriction of 6 TMC under Kagna of K-6 basin. As sufficient water is available at the lift point which is located at 0.75 Km towards South-West Chittiganpur (V) Tandur (M) Ranga Reddy District the Chief Engineer Minor Irrigation after taking into account all the existing and contemplated utilizations has recommended to Government for permission for utilization of 13.00 Mcft of water annually from Kagna River in addition to the existing permission of 10 Lakh litres per day (0.013 TMC) to M/s India Cements Limited and requested to communicate orders in the matter.

2. In the above circumstances, Government after careful consideration of the matter hereby accord permission for the drawal 13.00 Mcft of water from Kagna River annually by M/s The India Cements Limited in addition to the existing permission of 10 Lakh Litres of water per day accorded in the G.O. first read above, for their factory use situated at Malkapur (V) Tandur (M) Ranga Reddy District for consumptive use under industrial purpose subject to payment of water rates prescribed in G.O.Ms.No.39, I&CAD dated 2.4.2002 and subject to the conditions stipulated in G.O.Ms.No.244, Industries & Commerce (INF) Department dated 19.12.1996 and also obtaining of prior concurrence from District Collector and A.P.Pollution Control Board.
3. The Chief Engineer Minor Irrigation is requested to take necessary action and enter into agreement for total utilization of water with the M/s India Cements Limited and ensure that water rates are paid by the Industry promptly for the water drawn from the source. Any construction for drawal of water within the Reservoir will be done with due approval from the Government.
